Professional Experience

- 05.2002 - present** **Albert Speer und Partner Architects** - Munich, Germany.
Assistant to the project manager, major reconstruction of an existing office building, high quality standard, for the e.on group in Munich.
- Albert Speer und Partner Architects** - Frankfurt a. Main, Germany.
Employed as an architect, I have worked in different fields. My responsibilities in Frankfurt have included designing, CAD work, coordination of the design process, cost estimation in different projects of various scales.
- 07.2001 - 10.2001** **Albert Speer und Partner Architects** - Frankfurt a. Main, Germany.
As a full-time intern at AS+P, I worked on an addition for the train station in Wiesbaden, Germany. My responsibilities included designing, CAD work for presentation and model making, and the coordination of the design process.
- 07.2000 - 10.2000** **Albert Speer und Partner Architects** - Frankfurt a. Main, Germany
As a full-time architectural intern at AS+P, a large multi-disciplinary architecture firm, I worked on projects of various scales, particularly the revitalisation and expansion of the train station in Saarbrücken. My responsibilities included designing, CAD work for presentation and model making, and general project management work.
- 11.1999 - 04.2000** **Studio E Architects** - San Diego, Ca, USA.
As a full-time architectural intern at Studio E, a mid-size architecture firm, worked on projects of various scales, particularly residential projects and a Competition for Museum in Fresno, Ca. My responsibilities have included designing, CAD work (3D modelling, visualisation 3DStudio Max) for presentation and model making.
- 03.1999 - 11.2001** **Simple Environmedia GmbH** - Cologne, Germany.
As a freelancer I was responsible for cad development (AutoCAD 2000) and design work.
Event - and fair - design
- 02.1999 - 01.2001** **Thonet Vienna**, Vienna, Austria
Collaboration in the realization of a chair design
- 07.1998 - 10.1998** **Reisser + Umemoto Architects** - New York City, N.Y. USA.
As a full-time architectural intern at RUR a mid-size architecture firm, I have worked on a competition for a music theatre in Graz (second stage), Austria. My responsibilities included CAD work for presentation and model making, mass evaluation, translation.
- 08.1997 - 10.1997** **Kouluri Architects** - Frankfurt a. Main, Germany.
As a full-time architectural intern at Kouluri Architects a mid-size architecture firm, I have assisted the architect in charge, construction supervision.
- 08.1996 - 04.1997** **Borkowski + Burger Architects** - Heidelberg, Germany.
As a full-time architectural intern at B+B Architects, a mid-size architecture firm, I learned the basics of CAD and model making.
